

PURATOS USA SOUTHWEST

Product Guide

Who is Puratos?

Puratos is an international group, which offers a full range of innovative products and application expertise for artisans, industry, retailers and food service customers in the bakery, patisserie and chocolate sectors.

Our headquarters are located on the outskirts of Brussels (Belgium), where the company was founded in 1919. Today, our products and services are available in over 100 countries around the world.

Above all, we aim to be 'reliable partners in innovation' across the globe to help our customers deliver nutritious, tasty food to their local communities. In the US we are headquartered in Pennsauken, New Jersey and have 5 production plants, 6 regions, and 6 innovation centers.

Facts & Figures

Products and services available in more than **100** countries

Subsidiaries in **69** countries

60 production plants

8300 employees worldwide

2.2% of revenue invested in research and development

Over **500** Technical Advisors & **450** Researchers

Our Mission Met with Ambition

Our ambition is to inspire our customers, just as they inspire us. We are convinced that innovation is one of the most important business drivers: it creates a point of differentiation from the competition and helps attract new customers. In our Innovation Centers across the country and at our customers' facilities, we foster creativity and offer practical technical solutions.

Getting to know the consumer

Knowing what consumers want is key to your success. With this in mind Puratos launched the **Sensobus**, a fully equipped mobile sensory lab that can reach consumers where they actually buy their food. The Sensobus provides a number of valuable benefits for understanding consumer preferences and product development. The results can provide concrete analysis, which take the guessing out of product launches and adaptations. It is also ideal for testing local preferences and letting consumers share their opinions about their every day food needs.

With the **Taste Tomorrow** platform, Puratos offers our customers in-depth insights into consumer behavior and trends related to bakery, pastry, patisserie and chocolate. We want to inspire you to further innovate and differentiate based on consumer choices, attitudes and perceptions. Our most recent study of over 17,000 consumers in 40 countries highlighted some new consumer rules we'd like to share with you!

Bakery

Helping to make great bread preferred by consumers.

In 1953, Puratos developed T500, the first complete bread improver, providing bakers with consistent quality and peace of mind. Today, as the global leader in bread improvement, we continue to develop and provide innovative solutions for all attributes of the bread, with a focus on flavor and texture.

Controlled bean fermentation in wooden boxes.

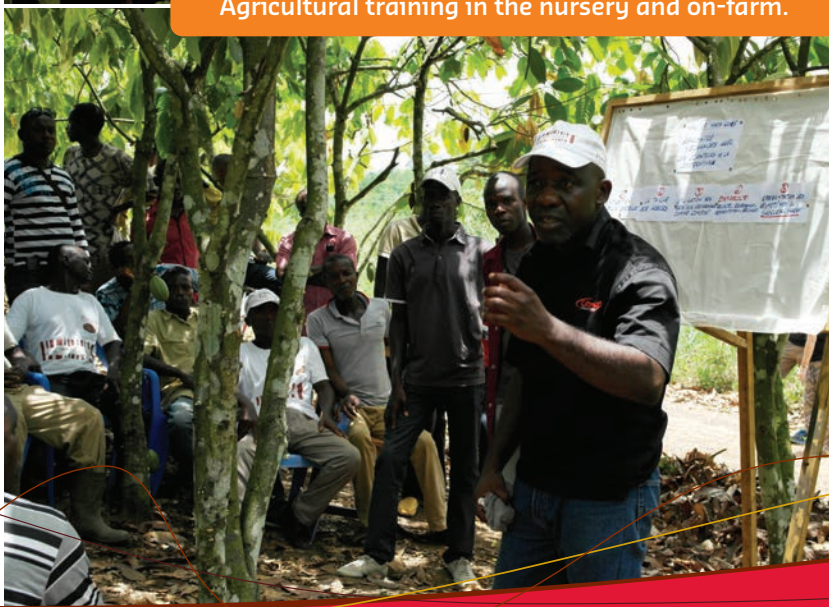

Intercropping of cocoa trees with coconut trees.

Drying of the cocoa beans in Vietnam, followed by a cut test to check correct fermentation.

Agricultural training in the nursery and on-farm.

Cacao-Trace

A GAME-CHANGING APPROACH TO SUSTAINABLE SOURCING

By focusing on superior taste and creating more **value for all** parties involved, Cacao-Trace is the only **sustainable cocoa sourcing program** that redefines the standard for chocolate.

At Puratos, we are building a **truly sustainable future for cocoa** with a game-changing strategy. The traditional way of working in the chocolate industry does not provide a sustainable future. Prices paid for cocoa are too low. This forces many cocoa farmers to stop cultivating cocoa and convert their plantations or simply quit agriculture. In recent years, the industry has focused on helping farmers produce more cocoa, but this has resulted in even lower prices.

Cacao-Trace raises the bar by focusing on **taste improvement through fermentation**. With our deep heritage in sourdough bread products, we understand the impact of fermentation on chocolate flavor. To harness this, we invested in an unparalleled international network of post-harvest centers in cocoa producing countries around the world: **Ivory Coast, Mexico, Papua New Guinea, Philippines and Vietnam**.

There, we train our farmers and help them to produce cocoa beans of superior quality. Our in-house fermentation experts then select only the finest beans and carefully **control the fermentation process to develop a superior and fully natural taste**.

With superior quality beans, the Cacao-Trace program can guarantee a premium price which is paid back to the cocoa farmers in a **Chocolate Bonus of \$0.05 per lb of chocolate sold**. 100% of this Chocolate Bonus ends up in the farmer's hands because Puratos takes care of the structural costs. The impact on living income for the farmers is on average **3 times higher than with other sustainability programs**.

Join our exceptional world of exceptional chocolate!

Carat, Hard Coatings

This range of high quality compound coatings can be used for a wide variety of applications: from molding, enrobing, producing decorations or making hollow figures. Our compounds do not require tempering and are extremely easy to use. Each item has a shiny appearance, excellent snap and melting behavior, with well-balanced chocolate flavors due to the careful selection of great-tasting, 100% sustainable cocoa powder and non-hydrogenated, RSPO certified fats.

PRODUCT / PRODUCT NUMBER	PRODUCT DESCRIPTION	PACK SIZE	KOSHER

Carat, Soft Coatings

Our range of great tasting decoration creams provides the ultimate user convenience and chocolate taste. Our soft coatings (branded Carat Decorcrem) set at room temperature and give a glossy appearance while maintaining a soft texture and a clean cut. What's even better is that they remain stable when frozen. As a member of our Carat range, Decorcrem products contain great-tasting, 100% sustainable cocoa powder from our Cacao-Trace program and the fats are RSPO certified.

White 4007936	A well-balanced white chocolate with sweet vanilla notes.	25 lb box	Kosher Dairy

Real Chocolate

Chocolanté, Organic Fairtrade Range

Chocolanté's Organic Range is produced with the same care as the Preference Range and includes 100% organic raw materials to create the best quality organic real chocolate in the market today. While an Organic certification is linked to the fulfillment of organic agriculture standards, Fairtrade (FT) focuses on reaching social justice by paying farmers a higher price for their cocoa beans. This range of locally produced chocolates has both Organic and FT certifications.

PRODUCT / PRODUCT NUMBER	PRODUCT DESCRIPTION	PACK SIZE	KOSHER

Belcolade
 THE REAL BELGIAN CHOCOLATE

Belcolade, Origins Range

The Belcolade ‘Origins’ range provides the ultimate in real Belgian chocolate, denoting extraordinary taste experiences and comprising exquisite chocolate with specific and unique bouquets of aromas. By selecting cocoa beans that are very different from each other, we can offer a unique choice of chocolates to reflect the differences of the regions where the cocoa was grown and to allow differentiation in chocolate applications.

PRODUCT / PRODUCT NUMBER	PRODUCT DESCRIPTION	PACK SIZE	KOSHER
Vietnam 73 4002976   	This chocolate has a pronounced acid cocoa aroma enriched with citrus, wood and tobacco notes. It has a 73% cocoa content and is the first result of our Cacao-Trace sustainable cocoa program.	33 lb bag	Kosher Dairy
Ecuador 71 4001640  	The high cocoa content of 71% delivers soft and subtle aromas suggestive of flowers, raisins, acid cocoa and smoked cocoa, finished off by a nuance of humus.	33 lb bag	Kosher Dairy
Peru 64 4001642  	This chocolate has a slightly acid cocoa taste, accompanied by a bouquet of raisins and dried figs. It has a cocoa content of 64%.	33 lb bag	Kosher Dairy

Venezuela 43 4001633  	This milk chocolate with a cocoa content of 43% combines a strong cocoa flavor, the impression of roasted beans and a clear nutty aroma. The result is an exclusive milk chocolate, creamy, rich and delicious.	33 lb bag	Kosher Dairy
Dominican Republic 31 4001609  	A single origin white chocolate with a light taste of butter and milk and the suggestion of flowers and dried figs.	33 lb bag	Kosher Dairy

 Non-GMO

 Cacao-Trace

 Made To Order

Vietnam is a young cocoa-producing country with great potential. In 2012, Puratos partnered with the chocolate company Grand-Place® and started an ambitious vertical integration project in the country, by training farmers in methods to improve productivity and quality of their cocoa. A higher cocoa yield combined with a price premium for high quality cocoa results in higher farmer incomes and sustainable livelihoods while protecting the environment. Cacao-Trace also includes unique collection centers, close to farmer communities. Here, cocoa beans are carefully controlled, fermented and dried, to produce great tasting chocolates. We are proud to offer you unique single-origin chocolates coming out of this program.
